EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Eddie Scott on 12-8-2004

The application has been amended as follows:

32. (Amended) A micro-analytical method of analyzing an analyte, comprising the steps of:

providing an interferometer that comprises an integrated chip, said interferometer having an interferometer arm position over a separation channel, wherein said separation channel and said interferometer arm orthogonally intersect each other at least once on said integrated chip,
delivering a modulated excitation beam to a separation channel having a first end port and an exit port,

introducing an analyte into the first end port of said separation channel such that the analyte travels in the direction from said first end port to said exit port,

measuring the change in the index of refraction of light versus time at a sample position located between said first end port and said exit port in the separation channel using an interferometer, and

~~The micro-analytical method of claim 30,~~

further comprising ~~the steps of~~ vaporizing said analyte in a carrier gas before introduction into said separation channel,
introducing said carrier gas into a second end port of said separation channel,
such that the carrier gas travels in the direction from said second end port to said exit port creating a time-varying index of refraction along said separation channel,
measuring the change in the index of refraction of light versus time at a reference position between said second end port and said exit port in the separation channel using an interferometer.

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Kaj Olsen whose telephone number is (571) 272-1344. The examiner can normally be reached on Monday through Thursday from 5:30 A.M. to 3:00 P.M. and on alternate Fridays.
